

Message from Allan Leppard, President

Good afternoon everyone. As we get nearer to the start of the season I felt that it was important to update you. We were hoping to formally open the Club on Saturday 3 April but unfortunately due to current Government guidelines and the latest Bowls England guidance this will not now be possible but we have rescheduled the formal opening for Saturday 22 May with either a finger buffet or a bar-b-que depending on the weather.

However this does not mean that we cannot start bowling on Saturday 3 April provided that we follow the current covid restrictions ie the rule of 6 and that we play on alternate rinks. We hope that by 12 April which is the next point of coming out of lockdown that Bowls England will have issued further guidance. As during the previous lockdown we will be using an on-line booking system details of which will be sent out as soon as it has been reset up.

We are still waiting to hear from G&F and P&D as to what will be happening with the leagues and as soon as we have this information we will let you know. The Ladies P&D have already taken the decision to play an ad hoc friendly triples league this season with no club being promoted or relegated and no trophies being awarded.

Stay safe everyone

Allan
